2. Full names (if any) of the members of the dissertation council who attended less than half of the meetings.

There are no members of the dissertation council who attended less than half of the meetings.

3. List of doctoral students indicating the organization of training.

1. *Kozhakhmetova Asel Sabyrbekovna*, Abai KazNPU.
2. *Bakhtiyarova Raigul Muratovna*, Abai KazNPU.
3. *Kulmanova Zulfiya Bekbulatovna*, Abai KazNPU.

4. A brief analysis of dissertations reviewed by the council during the reporting year, highlighting the following sections:

According to the thesis of Kozhakhmetova Asel Sabyrbekovna:

1) Analysis of the topics of the considered works;

The topic of the dissertation is "Representation of axiological semantics in the language of the Kazakh press"

Specialty: 6D021300 - "Linguistics"

Scientific consultants - Doctor of Philological Sciences, Professor M.Sh.Musatayeva, Doctor of Philological Sciences, Professor A.K.Kiklevich.

The defense took place on April 4, 2022.

The following new and reliable results were obtained in the work:

- defined the role of the media as a factor influencing the formation and functioning of values in the conditions of modern Kazakhstan;
- linguistic means used in the media to represent the values «отбасы / семья», «келісім / согласие», «отансүйгіштік / патриотизм» in the Kazakh and Russian-language press of Kazakhstan were identified and analyzed;
- a comparative and interpretive analysis of the representatives «отбасы / семья», «келісім / согласие», «отансүйгіштік / патриотизм» were carried out according to the media materials;
- an associative experiment was carried out in order to establish a correlation between the values «отбасы / семья», «келісім / согласие», «отансүйгіштік / патриотизм», explicated in the language of the press and in the modern everyday

consciousness of the respondents. Experimentally, the main components of the values «отбасы / семья», «келісім / согласие», «отансүйгіштік / патриотизм» are determined.

2) *Connection of the topics of dissertations with the directions of development of science, which are formed by the Higher Scientific and Technical Commission under the Government of the Republic of Kazakhstan, in accordance with paragraph 3 of Article 18 of the Law "On Science", and (or) state programs;*

The main idea of the study corresponds to the priorities of the development of science, the tasks of implementing the state program of education and development of science, according to which the formation of a competitive personality and specialist is based on values in the family, society and the education system, as well as the implementation of language policy in the Republic of Kazakhstan. State program for 2020-2025.

3) *Analysis of the level of implementation of the results of dissertations in practice.*

The research work is based on pragma-linguistics, stylistics, etc. (you can add theoretical and practical conclusions in the margins). The practical value of the study is obvious. The main results of the dissertation are presented in the field of pragma-linguistics, stylistics, etc., the study itself can be used in the philological faculties of higher educational institutions and in special courses.

According to the dissertation of *Bakhtiyarova Raigul Muratovna*:

1) Analysis of the topics of the considered works;

Topic of the dissertation - The concept of "business woman" in modern media discourse

Specialty: 6D021300 - "Linguistics"

Scientific consultants - Doctor of Philological Sciences, Professor K. Yessenova, PhD Elvir Diaz, PhD Lichia Bagini.

The defense took place on October 26, 2022.

The following new and reliable results were obtained in the work:

- for the first time in domestic (Kazakh) and foreign linguistics (French), on the material of modern media discourse, a way of forming the image of the concept by describing the concept of "business woman" is comprehensively presented;

- the main ways of representing the concept of "business woman" in the language picture of the world on the material of the Kazakh and French media discourse are determined;

- the main cognitive stereotypes are characterized, structuring this concept in the linguistic consciousness of the representatives of the two countries, defining the basic ideas about a business woman in the Kazakh and French linguistic cultures;

- Structural and content units of the concept "business woman" are revealed.

2) *Connection of the topics of dissertations with the directions of development of science, which are formed by the Higher Scientific and Technical Commission under the Government of the Republic of Kazakhstan in accordance with paragraph 3 of Article 18 of the Law "On Science" and (or) state programs;*

The main idea of the research is media linguistics, socio-linguistics, linguo-culturology, intercultural communication, lexicology of the Kazakh and French languages. The main practical conclusions, results and linguistic materials of the dissertation (texts that form the basis of media discourse, materials describing the components of the concept) can be used in the training of specialists in the learning process. Complies with the Law of the Republic of Kazakhstan "On Education" regarding the requirements aimed at solving the problems specified in the state compulsory education standards at all levels of the general educational process, approved by the Minister of Education and Science of the Republic of Kazakhstan, and other state regulatory legal documents, in connection with the development of the education system and improving the quality of training of competitive specialists. The dissertation work was carried out within the framework of the joint program "Abai-Vern" of the Ministry of Education and Science of the Republic of Kazakhstan and the Ministry of Europe and Foreign Affairs of the French Republic.

3) *Analysis of the level of implementation of the results of dissertations in practice.*

It makes a theoretical and practical contribution to such areas of linguistics as cognitive linguistics, linguo-culture, ethno-linguistics, etc. The practical value of the work is very obvious. The main results of the dissertation can be used in special courses of philological faculties of universities in cognitive linguistics, linguo-culture, ethno-linguistics, etc.

According to the dissertation of *Kulmanova Zulfiya Bekbulatovna*:

1) *Analysis of the topics of the considered works;*

The topic of the dissertation is Representation of the concepts "Duty and Obligation" in the context of language and religion.

Specialty: 8D02314 - "Linguistics"

Scientific consultants - Ph.D., assoc. Professor Zhirenov S.A., PhD Professor Zukhal Olmez

The defense took place on December 28, 2022.

The following new and reliable results were obtained in the work:

- in Kazakh linguistics, for the first time, the semantic-content and cultural-cognitive aspects of the concepts of "duty and obligation" in the context of language and religion are considered in a comprehensive and separate way;

- the concepts of "duty and obligation" in the context of language and religion are analyzed in the ethno-linguistic and linguo-cognitive aspect, the features of their lexical-semantic content are determined;

- the ethno-culturological, ethno-linguistic features of the concepts "duty and duty" in the ethnic knowledge of the Kazakh people are revealed and the

spiritual-cultural, humanistic-moral, axiological qualitative characteristics of the concepts "duty and obligation" in language texts are shown;

– Spiritual-cultural, humanistic-moral, suggestive, structural-content models and stylistic-pragmatic features of the concepts of "duty and obligation" in language and religion are defined.

2) Connection of the topics of dissertations with the directions of development of science, which are formed by the Higher Scientific and Technical Commission under the Government of the Republic of Kazakhstan in accordance with paragraph 3 of Article 18 of the Law "On Science" and (or) state programs;

State Program of the Republic of Kazakhstan for 2020-2025 (5.3.5 Historical and cultural heritage and spiritual values of Kazakhstan. 5.3.6 Common history and culture, literature and language, traditions and values. Decree No. 998 from the Government of the Republic of Kazakhstan dated December 27, 2019), is consistent with the state programs for the implementation of the language policy in the Republic of Kazakhstan for 2020-2025 (Decree of the Government of the Republic of Kazakhstan dated December 31, 2019).

3) Analysis of the level of implementation of the results of dissertations in practice.

The dissertation is of practical importance, and the results obtained can be applied in practice. The main results and theoretical conclusions of the dissertation can be used when writing textbooks and teaching aids in such critical disciplines as ethno-linguistics, linguo-culturology, linguo-axiology, cognitive linguistics, theo-linguistics, mytho-linguistics, introduction to religious studies, history of religion taught in higher educational institutions, as well as in theoretical, practical and seminar classes.

5. Analysis of the work of official reviewers (with examples of the most low-quality reviews).

Reviewers approved scientists who contributed in the fields of informatics and informatization of education.

The reviewers analyzed the doctoral dissertations from a professional point of view. In their comments, the reviewers emphasized the theoretical and practical validity of the study results, drew consistent conclusions, and regularly issued warnings and suggestions. There were no negative reviews for dissertations.

1. Information according to the reviewers of the dissertation Kozhakhmetova Asel Sabyrbekovna:
