

QUALITY ASSURANCE POLICY

for the period 2019-2025

Mission: Based on the most advanced methods and programs, we train 21st century educators. Our graduates are professionals who are ready to anticipate the rapidly changing needs of modern students. Our corporate culture and infrastructure is conducive to unlocking the full potential of students.

To realize its mission, Abai KazNPU declares its quality assurance policy: having a high scientific and personnel potential, possessing a modern material and educational-methodical base, relying on innovations in the field of education and science, introducing modern information and educational technologies to become the first Kazakhstani research university in pedagogical education.

The University's policy in ensuring the quality of education is aimed at providing consumers with services at a level that meets modern society requirements and the goals of the university:

- introduction of new corporate governance principles;
- achieving a high image of the university in the global scientific and educational space;
- development of the corporate culture of the university, increasing social responsibility, ensuring student-oriented learning, increasing professionalism, developing innovativeness and leadership;
- attraction of business structures for the implementation of joint research programs, projects, the creation of conditions for the commercialization of research results and technologies;
- ensuring high-quality admission of students, including an increase in the share of undergraduates, PhD doctoral students up to 30% of the total number of students;
- development of educational programs that meet the competencies of the 21st century teacher;
- improving the quality of the teaching staff, improving their skills, rejuvenating the staff;
- ensuring the internationalization of education;
- the development of civic activism and patriotic self-awareness of students;
- creation of the necessary comfortable infrastructure to provide students with quality services in educational and research activities;
- ensuring the financial stability of the university.

The quality assurance policy is designed to develop a high corporate culture and effectively support:

- honesty and academic freedom of the university community;
- effective protection against any type of intolerance to any type of corruption and discrimination in the university staff.

The University policy is implemented on the basis of mutually beneficial partnerships with consumers of educational services, the involvement of all employees in the achievement of the annually determined Goals in ensuring quality.

*The quality assurance policy has been revised taking into account the Strategic Development Plan of the Abai KazNPU for 2018-2025, approved by the Academic Council on 08.06.2018 and wide discussion of the project at the meeting on 10.10.2019.
